By signing this statement, I confirm that, as a participant in the race, I fully understand and accept that this race includes certain risks of injury dangerous to health and physical integrity, and ultimately to the life of the participant.

I know that this race is physically extremely strenuous and that I will exert myself during it, and I declare that I accept the risks of heart attack and other injuries that can occur due to great psychophysical load, carelessness, accident, etc. Also, I understand that the race is performed on water and that it is not close to a place where medical help can be provided quickly and adequately.

I understand and agree that neither the race organizer nor any of the employees, officers, associates or volunteers (hereinafter referred to as "excluded parties") can be held responsible for any injury, death or any other, to me personally, my family or damages to the heirs, which may result from my participation in this race, or from the negligence of any party, including the excluded parties, whether passive or active. At the same time, I declare that I personally will not, nor do I want my family and heirs or proxies to raise any legal claims against the race organizers or the excluded parties.

I declare that I can stay afloat and swim (criterion: at least 50 meters in wet competition clothes, without anyone else's help).

I declare that in the period of 14 days from the day of giving this statement, I did not have symptoms of a respiratory infection, nor was I in conscious contact with the person who had confirmed COVID19 infection.
